**BEFORE THE

TEXAS COMMISSION ON

ENVIRONMENTAL QUALITY**

AGREED ORDER DOCKET NO. 2007-1251-WQ-E

At its _____ agenda, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding the City of McAllen ("the City") under the authority of TEX. WATER CODE chs. 7 and 26. The Executive Director of the TCEQ, through the Enforcement Division, and the City presented this agreement to the Commission.

The City understands that it has certain procedural rights at certain points in the enforcement process, including, but not limited to, the right to formal notice of violations, notice of an evidentiary hearing, the right to an evidentiary hearing, and a right to appeal. By entering into this Agreed Order, the City agrees to waive all notice and procedural rights.

It is further understood and agreed that this Order represents the complete and fully-integrated settlement of the parties. The provisions of this Agreed Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Agreed Order unenforceable, the remaining provisions shall be valid and enforceable. The duties and responsibilities imposed by this Agreed Order are binding upon the City.

The Commission makes the following Findings of Fact and Conclusions of Law:

I. FINDINGS OF FACT

1. The City owns and operates a wastewater treatment facility with a collection system force main located on Sprague Road approximately 1.5 miles southwest of the intersection of Farm-to-Market Road 2061 and State Highway 107, Hidalgo County, Texas (the "Facility").

2. The City has discharged sewage into or adjacent to any water in the state under TEX. WATER CODE ch. 26.
3. During an investigation on May 17, 2007, TCEQ staff documented an unauthorized discharge of untreated wastewater. Specifically, on May 15, 2007, while repairing a force main break at Main Street and Frontera Road, the City caused an unauthorized discharge of approximately 2,494,800 gallons of untreated wastewater from the Trenton lift station into a diked area of the McAllen Main Canal to occur, resulting in a fish kill of approximately 2,000 fish. The fish kill was documented during a May 21, 2007 follow up investigation.
4. The City received notice of the violations on or about July 18, 2007.
5. The Executive Director recognizes that the City has implemented the following corrective measures at the Facility:
 - a. On or about March 27, 2006, initiated plans and obtained funds to eliminate the 30-inch force main at Frontera Road and Main Street, construct a new 54-inch gravity sewer, and demolish the Trenton lift station;
 - b. From May 15, 2007 to May 16, 2007, pumped a total of 261,000 gallons of fresh water to flush the storm sewer;
 - c. On May 17, 2007, used 570 pounds of HTH to disinfect the temporarily diked McAllen Main Canal;
 - d. By May 17, 2007, completed temporary repairs to the 30-inch force main; and
 - e. On May 19, 2007, removed the temporary dikes to the McAllen Main Canal.

II. CONCLUSIONS OF LAW

1. The City is subject to the jurisdiction of the TCEQ pursuant to TEX. WATER CODE chs. 7 and 26 and the rules of the Commission.
2. As evidenced by Findings of Fact No. 3, the City failed to prevent the unauthorized discharge of untreated wastewater, in violation of 30 TEX. ADMIN. CODE § 305.125(1), Texas Pollutant Discharge Elimination System Permit No. WQ0010633004 Permit Conditions No. 2(g), and TEX. WATER CODE § 26.121(a)(1).
3. Pursuant to TEX. WATER CODE § 7.051, the Commission has the authority to assess an administrative penalty against the City for violations of the Texas Water Code and the Texas Health and Safety Code within the Commission's jurisdiction; for violations of rules adopted under such statutes; or for violations of orders or permits issued under such statutes.

4. An administrative penalty in the amount of Thirty-Two Thousand Four Hundred Dollars (\$32,400) is justified by the facts recited in this Agreed Order, and considered in light of the factors set forth in TEX. WATER CODE § 7.053. The City has paid the Thirty-Two Thousand Four Hundred Dollar (\$32,400) administrative penalty.

III. ORDERING PROVISIONS

NOW, THEREFORE, THE TEXAS COMMISSION ON ENVIRONMENTAL QUALITY ORDERS that:

1. The City is assessed an administrative penalty in the amount of Thirty-Two Thousand Four Hundred Dollars (\$32,400) as set forth in Section II, Paragraph 4 above, for violations of TCEQ rules and state statutes. The payment of this administrative penalty and the City's compliance with all the terms and conditions set forth in this Agreed Order completely resolve the violations set forth by this Agreed Order in this action. However, the Commission shall not be constrained in any manner from requiring corrective actions or penalties for other violations that are not raised here. Administrative penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: City of McAllen, Docket No. 2007-1251-WQ-E" to:

Financial Administration Division, Revenues Section
Attention: Cashier's Office, MC 214
Texas Commission on Environmental Quality
P.O. Box 13088
Austin, Texas 78711-3088

2. The City shall undertake the following technical requirements:
 - a. Within 365 days after the effective date of this Agreed Order:
 - i. Eliminate the 30-inch force main at Frontera Road and Main Street;
 - ii. Construct a new 54-inch gravity sewer; and
 - iii. Demolish the Trenton lift station.
 - b. Within 380 days after the effective date of this Agreed Order, submit written certification as described below, and include detailed supporting documentation including photographs, receipts, and/or other records to demonstrate compliance with Ordering Provision No. 2.a.
